

Welcome to Camp!
The sign-in/out table will be set up outside.

- Pens will be sanitized after each use.
- There will be physical distancing markers on the ground.
- T-shirts will be given out to campers on their first day.
- Once the camper is signed in, the coach will take the child inside to put their items in a cubby and to their assigned group.
- We encourage parents to say their good-byes at the sign-in table instead of entering the lobby.

- Parents who would like to observe may go upstairs to the viewing area.
- Campers will use hand sanitizer upon entering the gym.
- Please bring a small bag to be placed in a cubby with a water bottle, a pair of socks, and any other personal items for each camper. Water bottles are also available for purchase.
- Students may wear workout clothing such as a T-shirt and gym shorts or a leotard. Avoid all clothing with zippers, buttons, or snaps. Long hair should be tied back.

- Campers will be assigned groups based on their age.
- Any requests for specific group assignments must be made prior to the camp day. Unfortunately, we are unable to honor same-day requests.
- Physical distancing will be maintained throughout the campers day using items such as floor dots and ropes with markers.
- Campers will sanitize their hands after every rotation.
- Equipment and other items used by campers along with all areas the camper occupies will be sanitized frequently throughout the day.

We are excited for an awesome summer of Camp at Aspire!!
